EDUCATION

Scaler School Of Technology <i>Bachelor + Masters of Science in Computer Science</i>	July 2023 – July 2027 <i>CGR: 8.0</i>
Birla Institute Of Technology And Science <i>Bachelor of Science in Computer Science</i>	July 2023 – July 2026 <i>CGPA: 7.7</i>

EXPERIENCE

Backend Intern <i>Emergent</i>	Mar. 2026 – Present <i>On-site</i>
– Building backend services for an autonomous coding agent platform that turns natural-language intent into production applications. – Working on agent orchestration, sandboxing, and code-execution infrastructure powering the vibe-coding workflow.	
SWE Intern <i>Trackaroo</i>	Feb. 2026 – Mar. 2026 <i>On-site</i>
– Building a multi-tenant automotive dealer ERP with Spring Boot, React + TypeScript, and PostgreSQL. – Developing automation bots for vehicle registration (Playwright, Celery) and insurance processing (Puppeteer, RabbitMQ, OCR). – Implemented background workers, job queues, and a voice-command interface for hands-free dealer operations.	
AI-ML Intern <i>1Pharmacy Networks</i>	Nov. 2024 – May. 2025 <i>On-site</i>
– Built edge-cloud AI pipelines on NVIDIA Jetson with Whisper and Riva for real-time audio transcription and NLP. – Deployed Dockerized inference services with REST APIs for real-time monitoring across distributed Jetson devices. – Developed an NLP pipeline with Hugging Face and Pinecone for audio transcription analysis and text search.	
Bot9 Full-Stack Intern <i>Dukaan®</i>	Aug. 2024 – Oct. 2024 <i>On-site</i>
– Back-end development with LLMs; optimized system performance and shipped AI-driven features. – Built and integrated conversational AI chatbot flows for merchant-facing products.	

PROJECTS

Flow – Voice Interface for Claude Code Python, Textual, WebSocket, Claude Agent SDK
– Hands-free voice interface with real-time STT/TTS, conversation state machine, and dual-mode architecture (SDK + WebSocket bridge). – Voice intent parsing for permission prompts, yes/no answers, and numbered option selection with auto-discovery of running sessions.
Scaler Companion FastAPI, React, Whisper, EasyOCR, Chrome Extension
– Chrome extension + dashboard that captures lecture streams, transcribes with Whisper, extracts slides via OCR, and generates notes with local LLMs. – Background job pipeline with queue management, full-text search, and Markdown/PDF export.
Simply Invest – AI Trading Platform MERN, OpenAI, OpenBB
– Multi-tenant trading platform with AI sentiment analysis, automated bots, backtesting, and real-time portfolio tracking.

TECHNICAL SKILLS

Languages: Python, Java, TypeScript, JavaScript, SQL
Frameworks: React, Spring Boot, FastAPI, Node.js, Express.js, Tailwind CSS
Databases & Infra: PostgreSQL, MongoDB, Redis, Docker, Linux, Git
AI & Automation: OpenAI API, Whisper, Hugging Face, Playwright, Puppeteer, Celery, RabbitMQ

RELEVANT COURSEWORK

Machine Learning, Natural Language Processing, Computer Vision, AI Engineering, Data Engineering, HLD, LLD, Data Structures, DevOps, Web Development, Probability and Statistics
